Features

Benefits

High Definition Recording	Records everything you see in 1080P Full HD (1920x1080).
Internal GPS	Embeds your exact location and time in every recording.
Free PC Viewing Software	PC software can be downloaded at www.cobra.com/dashcamsoftware . Software allows you to view video along with exact location and G-sensor information.
8GB MicroSD Memory Card Included	The unit is ready to use out-of-the-box. Installation is simple with a heavy duty suction cup mount.
Continuous Loop Recording	Overwrites old footage unless you want to save it. A time/date stamp is embedded on all recordings.
Infrared LED Headlights	Allows you to record day or night.
G-Sensor	Automatically saves events when a collision has been detected.
12MP Camera	Captures high quality still photos.
Vivid 2.7 inch LCD Screen	Video can also be played back on your TV or computer.
Rechargeable Lithium Ion Battery	Continues recording in the event of power loss due to a collision.
130° Wide Angle Lens	Shows as much of the road as possible while maintaining HD clarity.
Emergency Record Button	Manually saves and locks video clips to be viewed at any time in the future.
Motion Sensor Function	Starts recording when motion has been detected.
EIS Anti-Shake Function	Electronic Image Stabilization makes for smooth videos on rough roads.
Built in Microphone & Speaker	Option to record and play back audio.
Mini USB Port	For easy viewing and managing of video files, on a computer.
MicroSD Card Slot (Up to 32GB)	8 GB MicroSD card included.
HDMI Output	Play videos directly on a TV or monitor (HDMI cable not included).
