Call Button
Press and release to alert others that you are calling. This tune is used only to voice communications.

Mode/Power Button
Press and hold to turn the radio On or Off. Press and release to enter mode function to change channels. The channel numbers will blink when that mode is selected. Use the Up/Down buttons to select a channel. Press and release again to enter the NOAA Weather Channels. Use the Up/Down buttons to select the strongest weather channel in your area.

Battery Low Icon
Icon blinks and an audible tone will be heard when battery power level is low. Your microTALK® radio has a unique circuit designed to extend battery life. If there are no transmissions within ten (10) seconds, the radio will switch to the Battery Save mode. This will not affect the radio’s ability to receive incoming transmissions.
